Society

Winter 2008 Issue

President's Corner

We had pretty good turnout for the fall meeting with twenty-one in attendance. That meeting we focused on waste issues (both local and national). The winter meeting will look at the recent TOPOFF drill that occurred in October 2007 and involved members of the CCHPS in Portland.

Responding to terrorist events such as the 1995 Tokyo subway sarin gas attack, the Congress concluded in 1998 that America's top government officials should receive better training to respond to a complex attack involving Weapons of Mass Destruction (WMD). To address this challenge, Congress mandated the Department of State and Department of Justice to conduct a series of challenging, role-playing exercises involving the senior federal, state, and local officials who would direct crisis management and consequence management response to an actual WMD attack. The result was TOPOFF (Top Officials), a national-level domestic and international exercise series designed to produce a more effective, coordinated, global response to WMD terrorism.

There have been a total of four TOPOFF exercises since May 2000. Each TOPOFF exercise has involved multiple locations in order to test the coordination of the national disaster preparedness response. The most recent TOPOFF exercise, TOPOFF 4, occurred during the week of October 15-19, 2007 and involved some members of the Cascade Chapter in responding to the aftermath of a WMD - Radiological Dispersal Device released in Portland, Oregon.

Justin Spence and Bill Tuttle will be providing a more in depth look at the TOPOFF drill from their perspectives.

Spring 2008 – Dale Trout Annual Meeting

This year's spring meeting will take place at Oregon State University in Corvallis on May 2nd. In addition to student presentations we will have a visit from the current national HPS President-Elect, Dick Toohey.

2008 Elections

The offices open for the 2008 CCHPS election are Secretary and President-Elect. Bruce Busby is the chair of the CCHPS Nominating Committee. If you are interested in running for one of these offices please contact him at bbusby@fhrc.org or (206) 667-4045.

CCHPS Dues for 2008

We are now accepting payments for 2008 dues. The cost is still just \$15. Benefits of membership include lowered cost of meetings, professional contacts, the Avalanche newsletter, and association with really great people. Dues can be paid at the next meeting, or sent to the Secretary. In order to keep the CCHPS membership database up to date, please fill out an application and submit it with your payment.

Just as a reminder, we also have group membership available for large organizations and affiliate membership available for vendors. Please contact the chapter secretary for more information.

HPS Positions

The Nominating Committee of the HPS has asked the Chapters to help identify people who are qualified and willing to serve on the HPS Board of Directors or as Treasurer-elect or President-elect. If you meet both of these criteria (qualified and willing), please contact Bruce Busby.

CCHPS Directory

The Secretary is working on a CCHPS directory which will be available at the annual meeting on May 2nd. All members whose dues are current as of April 1st will be included in the directory. Please submit an application with your dues payment to ensure that your correct address and job title are listed in the directory. Any members who are unable to attend the annual meeting will have a directory mailed to them.

2008 CCHPS Winter Meeting

The 2008 CCHPS Winter meeting will be held **Friday February 8th, 2008** at the Women's Club in Longview, WA. The cost of the meeting is \$15 for members and \$20 for non-members. Lunch is \$10, making lunch and the meeting \$25 for members and \$30 for non-members. Please RSVP with the chapter secretary by **February 6th, 2008**.
