

Application for HPS AIRRS Section Travel Grant

Academic, Industrial, and Research Radiation Safety Section

This travel grant is provided by the Academic, Industrial, and Research Radiation Safety (AIRRS) Section of the Health Physics Society, to continue the vision of the former Campus Radiation Safety Officers (CRSO). The intent of this grant is to provide funding assistance for Health Physics Professionals to attend the annual HPS meeting who otherwise would not receive travel assistance from their institution or employer. This furthers the vision and mission of both AIRRS and CRSO to provide opportunities for professional development and engagement among health physicists in the academic, industrial, and research settings.

First Name: Last Name:

Email:

Phone*: *Note HPS must be able to contact you during the meeting

Job Title:

Institution/Employer:

Primary Field: Academic Research
 Industrial Other (Specify)

Number of years employed in the Health Physics field:

Why are you applying for this grant?
